ORGANIZATIONAL STRUCTURE OF MAKSY

MASTER OF ISLAMIC ACCOUNTING TAZKIA

AN OVERVIEW

Master of Islamic Accounting (MAKSy) Tazkia is the first Islamic Accounting Master Program in Indonesia that integrates Islamic teachings and Accounting. This program is held based on the Decree of the Minister of Religion of the Republic of Indonesia No. 211/2020.

The composition of the learning orientation is balanced between applied and science. Therefore, our lecturers come from academia and practitioners. We facilitate students to take certification programs relevant to Islamic accounting in collaboration with our Partners, including Certified Islamic Professional Accountants from the AAOIFI, Certified Financial Planners with Sharia content from the FPSB and Sharia Accounting Certifications from IAI.

This program provides matriculation session for prospective students with non-accounting or non-Islamic studies background. A total of 12 courses must be completed excluding thesis with a total of 44 credits. Students are also facilitated to accelerate the preparation of their thesis. Graduates of this program will hold a Masters in Islamic Accounting (M.Akun).

To ensure students have the ability to read the Qu'ran correctly and get the blessing of their knowledge, students are required to attend the Mabit Qur'an program in a few days every semester. Every lecture will also begin with tahsin-tilawah-tarjim-tafsir-tatbiq of verses of the Quran.

Magister Akuntansi Syariah (MAKSy) Tazkia adalah Program Magister Akuntansi Syariah pertama di Indonesia yang mengintegrasikan ajaran Islam dan Akuntansi. Program ini diselenggarakan berdasarkan Keputusan Menteri Agama RI No. 211 Tahun 2020 tentang Izin Penyelenggaran Program Studi Magister Akuntansi Syariah Tazkia.

Komposisi orientasi pembelajaran dirancang secara seimbang antara akuntansi terapan dan sains. Oleh karena itu, dosen-dosen pengampu berasal dari akademisi dan juga praktisi. Kami memfasilitasi mahasiswa untuk mengambil program sertifikasi profesi yang relevan dengan akuntansi syariah bekerja sama dengan Penyedia Sertifikasi, termasuk CIPA dari AAOIFI, CFP dari FPSB dan SAS dari IAI.

Program ini menyediakan sesi matrikulasi untuk calon mahasiswa dengan latar belakang studi non-akuntansi atau non-syariah. Sebanyak 12 matakuliah harus diselesaikan tidak termasuk tesis dengan total 44 satuan kredit semester (skls). Mahasiswa juga difasilitasi dengan program percepatan untuk penyusunan tesis. Lulusan program ini akan memegang Magister Akuntansi Syariah (M.Akun).

Untuk memastikan para mahasiswa memiliki kemampuan untuk membaca Alquran dengan benar dan mendapatkan berkah dari pengetahuan mereka, para mahasiswa diharuskan untuk mengikuti program Mabit Al-Quran beberapa hari setiap semesternya. Setiap perkuliahan juga akan dimulai dengan tahsin-tilawah-tarjim-tafsir-tatbiq dari ayat-ayat dalam Al-Qur'an.
